

Drexel Faculty/Staff University Scholarly Reading Survey

You are invited to participate in a national study of university libraries sponsored by the Institute of Museum and Library Services, a federal agency. This survey is sent to you to learn how much you use Drexel Libraries collection, the purpose of using it, and how it has helped you.

This survey will take up to 15 minutes to complete depending on the extent of your library use. The survey has been conducted on the ROI of library collections in the U.S. and several other countries and has been extremely useful to the libraries for decision-making and planning purposes.

You may exit the survey or leave a question unanswered at any time. There is minimal risk attached to your participation and any details about you and your work situation will be kept completely confidential. Any papers or conference presentations based on the collected data will contain only summary data without direct links to an individual survey response.

If you have questions at any time about the study or the procedures, (or you experience adverse effects as a result of participating in this study) you may contact Dr. Carol Tenopir (451 Communications Building, 1345 Circle Park Drive, Knoxville, TN 37996; 865-9747911; ctenopir@utk.edu). If you have questions about your rights as a participant, contact the Office of Research Compliance Officer at (865) 974-3466.

By continuing, you give permission to gather and analyze the answers you give to the questions that follow.
