

Drexel University Student Use of Library Services Survey

You are invited to participate in a national study of university libraries sponsored by the Institute of Museum and Library Services, a federal agency. This survey is sent to you to learn how much you use Drexel Libraries services, the purpose of using them, and how they have helped you.

The survey will take approximately ten minutes to complete. You are not required to complete the survey; however, your participation is important to the research results. This study will receive international attention and hopefully will reflect favorably on Drexel.

You may exit the survey or leave a question unanswered at any time. There is minimal risk attached to your participation. Any details about you, your work situation, and your organization will be kept completely confidential. Any papers or conference presentations based on the collected data will contain only summary data without direct links to an individual survey response.

If you have questions at any time about the study or the procedures, (or you experience adverse effects as a result of participating in this study,) you may contact the primary researcher, Dr. Carol Tenopir (451 Communications Building, 1345 Circle Park Drive, Knoxville, TN 37996; (865) 974-7911; ctenopir@utk.edu). If you have questions about your rights as a participant, contact the Office of Research Compliance Officer at (865) 974-3466.

By proceeding, you give permission to gather and analyze the answers you give to the questions that follow
